UGANDA EQUITY ATLAS

Rethinking Public Finance for Children: Monitoring for Results is an initiative of the Ministry of Finance, Planning and Economic Development, the Economic Policy Research Centre, and UNICEF Uganda. Leveraging on Government’s commitment to promote transparency and accountability in the use of public funds, this joint effort aims to monitor the effective delivery of national programmes affecting children. Within this framework, the on-line National Social Service Delivery Equity Atlas “The Atlas” provides an interactive platform to analyze budget trends at regional and district levels with a focus on the impact of public investments on equity and other social outcomes like school completion, immunization or hand-washing.
**STEP 1** Visit the EPRC website and click on the Uganda Children’s Portal logo

**STEP 2** Scroll down and click on the Uganda Equity Atlas

**STEP 3** Choose a sector and select an indicator

- Health Sector
- WASH Sector
- Education Sector
- Public Infra

- Proportion of pregnant women attending at least 4 antenatal care (ANC) visits
- Proportion of children under 1 immunized with 3rd dose of DPT (DPT3)
- Proportion of pregnant women giving delivery in Government and private not-for-profit (P/NFP) health facilities (D/H)

**STEP 4** Use the time slider to monitor performance across financial years

**STEP 5** Click on any sub-region to monitor performance at district level

**STEP 6** Drag the mouse over the circles to learn more about district budget composition
